

Never been  
**easier** to  
bring your  
child on  
**adventures!**

# A carrier for small and big world explorers.

Highest wearing comfort for active parents as well as a comfortable and natural sitting position for the little explorers.

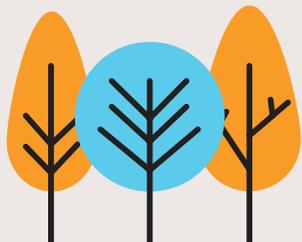

MiniMeis combines innovation and safety with functionality. It's a lot of fun to be on parent's shoulders to explore the world and it feels really good.

**MiniMeis contributes to a healthy sitting position of the child and is the perfect companion for short or long trips on foot.**

**When picking up from the kindergarten, while strolling through the city, visiting amusement parks and zoos, traveling or shopping in the supermarket.**

▶ **All around view** to the world and a healthy and natural seating position for the smallest.

▶ **Can be used from 6-8 months** – as soon as the child can sit independently and freely.

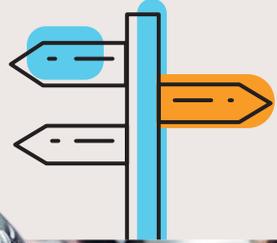

▶ **Ultra-light construction** weighting **only 1.4 kg.**

▶ **Freedom of movement** for the child through **innovative backrest.**

▶ **Even weight distribution** on both shoulders. **Ergonomic carrying protects the back** and allows longer wearing times.

▶ **Hip belt, shoulder belt and leg loops** ensure safety in every situation.

▶ **Thanks to the folding mechanism,** it can be folded very flat and stored compactly.

The **carrier** is perfectly compact, foldable and is **made for travels.**

Suddenly tired little legs? Minimeis can be opened within seconds and is ready for a relaxed and exiting ride on mom's or dad's shoulders in a few easy steps.

# MiniMeis – the innovative carrier

## The **advantages** of MiniMeis at a glance:

**Ultra-light:** MiniMeis weights only 1.4 kg

**Secure:** carrying system tested By SINTEF (largest independent research company in Scandinavia) for highest possible safety, that allows the child an unobstructed view of the world. A hip belt, shoulder belt and leg loops ensure safety in every situation.

**Compact:** thanks to the easy folding mechanism, MiniMeis packs up flat and is easy to store.

**Flexible:** suitable for any body type, as the back cushion/ pad is adaptable.

**Long service life:** usable from about 6 to 8 months - as soon as the child can sit independently and freely. Depending on the size of the child and the weight that the carrier can handle, MiniMeis is usable up to an age of 5 years.

**Scandinavian Quality:** the MiniMeis carrying-system was designed and patented by Norwegian fathers and is a real innovation as the only existing shoulder carrier with back support for the child. MiniMeis consists exclusively of lightweight, durable and robust quality materials that comply with EU standards.

**Ergonomic:** The weight is evenly distributed on both shoulders. Ergonomic wear protects the back and allows longer carrying times. The innovative carrying system ensures an ergonomically correct sitting position of the child.
